COMMENTS FROM THE TOWN MANAGER'S OFFICE

There have been so few warm days we have been unable to complete the Main Street paving project. There has to be a few loads of material placed in areas the machine was unable to finish. This must be done by hand while the material is still as hot as it is possible to keep it.

The rain has also made it difficult to schedule the line painting. Each time we think the concern that does the work will be able to be in town, the streets are too wet.

The Town Office will move downstairs to the Casco Bank quarters as soon as possible after the Bank leaves for new quarters. Our greatest problem will be removing the safe we use for records. We may not have use for it as the space in the bank vault should be adequate, but future tenants may not want it left. One can not help but admire the ability of an older generation, who with what we would consider limited equipment, were able to get anything as heavy upstairs.

BELIVEAU APPARENT VICTOR IN DEMOCRATIC 5th DISTRICT STATE SENATE PRIMARY

With returns incomplete from the Monday Primary Election apparent big winners were State Rep. Severin M. Beliveau (D) of Rumford, seeking the nomination as his party's state senate candidate in the new Fifth District; Richard E. Whiting (R) of Rumford, knocking over the dean of county Republican politicians in a judge of probate race, and Joseph E. Boyin (D) of Rumford, defeating State Senator Frank Norris of Peru in a Democratic county commission match.

Beliveau nailed 1,363 votes in the dozen district five towns, outdoing Republican State Senator Norman K. Ferguson of Hanover who received 519; County Commissioner Eli M. Gaudet (D) of Rumford, 316; and former State Senator Donald O'Leary of Mexico, 237.

Senator Ferguson appeared on both ballots, being unopposed on the Republican side, and must now face Beliveau again in November.

Rupert F. Aldrich of Norway, who won 10 straight four-year terms as Oxford County's clerk of courts before resigning last December, failed in his bid to win the Republican nomination for the judge of probate office. Aldrich was beaten 2,078 to 1,098 by Richard E. Whiting, of Rumford, in the latter's first bid for political office. Whiting now faces attorney Albert Beliveau, Jr., who ran unopposed for the Democratic nomination to the same office.

County Commissioner Joseph E. Boyin (D) of Rumford maintained his right to seek another six-year term in the same office as he badly defeated State Senator Frank Norris of Peru, 1,964-777. Boyin will face Norman K. Ferguson, Jr., of Hanover, who was unopposed for the Republican nomination.

CASCO BANK TO HOLD OPEN HOUSE AT NEW FACILITY SATURDAY

On Saturday morning, June 22, at 10 a. m., Bethel Town Manager Elwyn N. Dickey, and Halsey Smith, President of the Casco Bank and Trust Company, will cut a ribbon opening the Bank's new office in Bethel, at the junction of Main, High and Mechanic Streets.

To celebrate the opening of this new office, the bank is having an open house for the public from 10 a. m. to 1 p. m. There will be entertainment by the Kaidahin Mountaineers, as well as the Scottish pipe band and highland dancers from Portsmouth, N. H. There will also be gifts and refreshments as well as a grand door prize: a stereo combination. In the event of rain, the musical entertainment will take place in a large tent which will be set up in the parking lot next to the bank. Radio station WRUM, Rumford, will be broadcasting direct from the site.

Also in connection with the opening of this new office, the bank is making a premium offer: each new savings or checking customer who deposits fifty dollars or more in the Bethel, Rumford, South Paris or Buckfield offices of the Casco Bank has a choice of a free LP record or a travel alarm clock. New 5% Savings Certificate customers will receive an attractive weather station for the home. This offer is good for a limited time only but is expected to last approximately two weeks.

This new office will be under the management of Roger Conant, who has been manager of Casco's Bethel office since 1966. Mr. Conant is a native of South Paris. He is married to the former Lillian Rowe of the same town and they make their home in Bethel. He has been with the bank since 1961. Mr. Conant is confident that this office will add substantially to the convenience and comfort of the bank's customers. A colonial motif has been carried through the exterior design and interior decor. All the latest banking equipment has been installed including a drive-in teller to maximize the service available to customers.

The Portland-based banking firm now has 27 offices serving southwestern Maine.

YOUTH SHOULD WORK TOWARD LIVEABLE ENVIRONMENT

The intelligent, restless and dedicated youth of today should be engaged in the solution of the problem of conservation of natural resources and the creation of a liveable environment, according to Bronislaw Y. Noyl, landscape architect and environmental designer.

To these ends students of all ages must be given the tools of mind to judge the quality of the way cities are being changed and, in the process, made intolerable for life and work. The students can be helped to see better ways of building homes, better ways of building roads and highways, and better ways of building cities.

A lecturer in landscape architecture environmental design, Mrs. Noyl has also taught foreign languages in several schools in this country, as well as holding positions as interpreter and translator with the British Government. Approximately two thousand adults and children will attend the ten-day services prepared for all age groups. During the summer months many such camp meetings will be conducted throughout the United States, with its many tents to accommodate individual families and larger ones and pavilions for conducting the meetings.

Featured at these gatherings will be missionaries and Evangelists from the New England area and Washington, D. C.

Because Campmeeting begins July 27, the 13th Sabbath Offering will be received in the Woodstock church on June 29, instead of June 29.

IN MEMORIAM

In loving memory of my husband, George L. Flanders who passed away June 24, 1967.

Beyond the Sunset
You did go first and I remain,
to walk the road alone,
I'll live in memories garden, dear,
with happy days we've known.
In spring I'll wait for roses red,
when faded, the lilacs blue,
In early fall when brown leaves fall,
I'll catch a glimpse of you.

You did go first and I remained,
for battles to be fought,
Each thing you've touched along
the way will be a hallowed spot.
I'll hear your voice, I'll see your smile,
the blindly I may group,
The memory of your helping hand
will buoy me on with hope.
You did go first and I remained,
one thing I'll have you do;
Walk slowly down that long
long path, for soon I'll follow you.

I want to know each step you take,
so I may take the same,
For someday down that lonely road,
you'll hear me call your name.

CHRISTIAN SCIENCE CHURCH CENTER IN BOSTON

The Christian Science Church Center, now under construction, adds another feature to the new face of Boston. This model shows the 15-acre Center in its Back Bay setting. The domed structure, The Mother Church, The First Church of Christ, Scientist, is central to the triangular area. At the upper end of the long Conference Building (lower end of reflecting pool) will be added. A combination Sunday School and functions will be attached to the Publishing House, which is located at the left of the Church. On the perimeter of the area, commercial structures and apartments will be erected by private developers. Beyond the Church Center is the Prudential Center and the projected John Hancock Building.

THE FIRST DEGREE — Donald Baker of Errol, N. H., formerly of Bethel, proudly shows the first associate degree awarded by the New Hampshire Vocational Institute in Berlin. He was at the head of the line when 56 degrees were awarded Friday evening, June 7. He is the son of Mr. and Mrs. Wilfred Baker, and the grandson of Mrs. Violet M. Bennett of Bethel.

BETHEL TOWN TEAM SCOREBOARD

June 4: Dixfield 3, Bethel 2.

June 6: Norway-Paris 14, Bethel 0.

June 13: Rumford 21, Bethel 1.

June 16: First game—Strong 2, Bethel 1; Second game—Bethel 6, Strong 2.

Thursday evening at 6 o'clock, the Bethel Townies are slated to meet Dixfield at the Bryant Pond diamond.

On Sunday, June 23, Bethel will meet Strong in a double-header at Bryant Pond, starting at 3 o'clock.

and that is what is going to happen, no team. I know with all the trouble around this area you don't want them on the streets so give them a chance, help the team.

Now for our players. We have a good number on our list. The majority this year are from High School. And these guys need your support. What's the matter with you relatives? Are you afraid your kids will embarrass you? Last year we had a girl in the stands (the wife of a player) that kept the stands "fired-up" along with the team. Now I don't hear a thing because there aren't enough that dare to because they are afraid they will get laughed at.

Now you players! How about a little practice? You know as well as I do, to use an old expression, "Practice makes perfect." Why don't you come out to practice? A few show up but you can't take an outfielder and put him in the infield. Players let's get with it.....

And how about it folks don't you think the team needs your support. Let's get with it.

Our home games are every Thursday and they are posted in most stores.

Sincerely yours,

Bill Keoske

Co-Manager

Where do you think these Little Leaguers are going in a few years? Some but not all would like to continue to play ball but how can they without a team

While I have the opportunity I would like to say something about the donations received from the businesses. I would like to thank the businesses that did contribute and hope they also contributed to the Little League. We know that the little fellers are in a rough spot. We helped by donating a mask for the catcher.

Take the town of Bryant Pond. The majority of the stands belong to them. Also the others are from the visiting team. I would like to take this time to thank them for their support. But there are hardly any from Bethel.

This letter is to inform you citizens about the Bethel Town Team. Why do we lose our games? There are many reasons, one reason is the lack of support. In my questioning people about going to a game once a week they say, "I have some work to do," or "I'm going to play beano." Maybe the best answer of all for most everyone is, "I haven't got the time." There is time for everything.

Take the town of Bryant Pond. The majority of the stands belong to them. Also the others are from the visiting team. I would like to take this time to thank them for their support. But there are hardly any from Bethel.

"Everyone carries a part of society on his shoulders; no one is relieved of his share of responsibility by others. And no one can find a safe way out for himself if society is sweeping toward destruction. Therefore everyone, in his own interests, must thrust himself vigorously into the intellectual battle. None can stand aside with unconcern; the interests of everyone hang on the result. Whether he chooses or not, every man is drawn into the great historical struggle, the decisive battle into which our epoch has plunged us."—Ludwig von Mises.

GREENWOOD CITY

Mrs. Colleta Morgan, Corres.
Summer time, and it's vacation time again, a time of camping, swimming, picnics, time for gardens and flowers, warmth and sunshine, time of haying, birds and also a time of insects. I fully realized this on Saturday as I started my vacation with a climb up the old road, Mosquito Lane, through the woods to the topmost field at the farm. There was a tremendous buzzing sound, as close to the ears the steady voice of the mosquitoes gave their shrill unwelcome chorus of misery.

But shortly I emerged into the open field and bright sunshine and the "lovers" of dampness and shade, the cowards, retreated.

On up the path through a field where the small sweet wild strawberries are now beginning to ripen, I went. As I lingered to pick some, the voices of the thrushes came from the dusk of the forest. Then above my head on a branch over the wall there was a clamor—baby birds nearly ready to fly. With each approach by Mother or Father a cry arose, mouths opened, food disappeared, wings quivered, only to subside when left alone. What a busy time!

The sun shone in an unclouded sky and the air was soft and scented. The mountains in the distance to which I turned again and again, were serene and ageless with strength, so perfect; the trees rising from their slopes like so many pins in a cushion. But as always my eyes turned to the pines, these conifers that give forth the finest tree music of the forest. With the whispering of a breeze I listen always for the click of the needles one against the other until there comes a delightful hum.

At the crest of the hill and last field sweet with clover could be heard the black and white cows cropping about and pulling away the grass.

For a time I looked down into the valley, so serene. The waters shimmered and calmness lay all across the rolling hills with their deep pools of darkness between.

Then I returned, following the old cow path through the pasture passing the one time farm house, but many years gone. Here there will soon be a mystic charm of roses multiplied over the years. I again stopped for strawberries, took a last look at the hills, rolled under the barbed wire fence, (lucky I made it) and headed for those multitudinous insects, not so disturbing this time with so many nicer and more beautiful scenes to think about. It was prettier coming down facing the arch of greenery over head, the ferns and waxy white bunchberries underfoot, and the opening ahead with the blaze of sun upon the water.

Mrs. Edith Curtis and a friend from Bridgton were recent callers at Fay Holt's.

Mrs. Doris Hayes and Mrs. Colleta Morgan met with other teachers for supper at Mrs. David Ellingwood's West Paris, Friday. Mr. and Mrs. Leonas Holt and David visited Mr. and Mrs. Harold Holt, So. Paris, Friday evening.

The school children, their teacher and parents, enjoyed their last picnic together at Twin Bridges, Harrison Road on Thursday.

Lee Ann Curtis and Gary Morgan had perfect attendance for the school year. Walter Curtis completed his second year without an absence.

The Millon Innans have moved to their camp here for the summer.

Mr. and Mrs. Maynard Chase, West Paris, were callers Saturday at Fay Holt's and Colleta Morgan's.

Kathy Curtis, an eighth grade student at Woodstock received the Good Citizenship award on Wednesday evening.

Mr. and Mrs. Leroy Morgan and family have moved to the Cole place which they recently purchased.

Mrs. Lucy Barrows is in Philadelphia visiting her daughter, Mrs. "Pat" DiArenzo, until June 20th. At that time all will return.

We care

Who cares if the blueberries in our blueberry pie are wild?

Some people may not care...but we care. Your grandmother's classic blueberry pies were baked with juicy, wild berries.

We think they're the best for pies. So, we're stubborn.

Only wild berries get into our Jane Parker Blueberry pies.

In fact, we care so much about such things, we've made just one big change in the classic recipe: We bake only wild berries that are U.S. Grade A!

We're that fussy about all our baking.

No matter what it is, if it's baked by our Jane Parker Bakers, it's baked with quality ingredients.

It's baked with pride and care.

If you want proof that caring this much counts, try a Jane Parker Blueberry Pie this week.

The price! It's as wild as the blueberries.
